

## Case Study

### *Epping CFA Station*

**Client:** Country Fire Authority (CFA)

**Scope:** Work shop floors, footings, groundworks and driveways

**Location:** High St, Epping

**Comment:**

This project involved extensive use of 32MPa N Grade concrete and was completed over a period of 6 months at the beginning of 2012. The workshop floors are designed for oil and chemical resistance, with a high quality surface finish. ACM takes pride in assisting the local Epping CFA.
